Knowledge of the methods and practices used in the operations and maintenance of water pumps, electronic controls, generators, or other mechanical and electrical equipment. Ability to interpret equipment technical manuals and building blue prints.

Utility Worker

Department of Public Works - Kansas Regional Training Center - Salina, KS

Requisition # 180233 - Open until Filled - Job Summary: Unclassified, Full-Time, 40 hours per week, \$11.21 - \$12.66 per hour, with Maintenance and Trades differential of \$.30 an hour. Work hours 6:30 am to 3:00 pm, Monday through Friday. This position is eligible for all benefits offered to State of Kansas employees.

Job Description: This position assists on maintenance/repairs of armories. Work includes but is not limited to the following:

- **MOWING:** Mows and/or power rakes lawns of property in order to keep grasses at an acceptable height and to have the grounds reflect positively on the agency. This is done by safely, skillfully and independently operating a variety of grounds maintenance equipment, such as: tractors with brush cutters, brush hogs, rotary blades or balers; riding and push lawn mowers; and power rakes; and being able to work under hot, humid conditions over 100 degrees for long periods of time. Requires valid driver's license.
- **DEBRIS AND TRASH REMOVAL:** Clears lawns and acreage of all trash, unwanted brush, downed or cut tree limbs, large rocks and other debris in order to keep the grounds clean and neat and help protect mower blades from damage. This requires the ability to move over uneven terrain, locate objects to be removed, secure and move large objects weighing up to 100 and at lengths of up to 6 feet and burning debris.

To Apply: Register your Personal Data and Apply online at <http://da.state.ks.us/ps> OR
Submit a completed State of KS Employment Summary & Personal Data Form to the Contact indicated.

NOTE: Listing of other State Vacancies are available on the Internet, <http://da.state.ks.us/ps>.

- **LANDSCAPING:** Performs a variety of landscaping activities in order to make the grounds attractive. This includes, but is not limited to: trimming trees and bushes; planting and watering flowers, shrubs, plants, lawn and trees; applying chemicals; destroying weeds, plant diseases and other unwanted conditions; and filling in washed out areas with dirt. This requires the ability to detect basic weeds and unwanted diseases; the ability to make accurate mixtures of fuel and oil; and ability to safely, skillfully and independently use a variety of power and hand tools, which include but are not limited to, chain saws, garden tools, gas operated weed trimmers, etc., and the ability to work at heights of up to 30 or 50 feet..
- **SNOW REMOVAL:** Removes snow and ice from parking lots and sidewalks in order to provide safe areas for staff and visitors during inclement weather. This requires the ability to safely, skillfully and independently operate a variety of snow removal equipment such as tractors and vehicles with snow blades, snow blowers and hand shovels; the ability to follow written and verbal instructions in the application of ice and snow melting chemicals; the ability to work in extreme cold and windy conditions for long periods of time during daylight or darkness; and reporting for work outside regular working hours as needed.
- **CARPET CLEANING:** Prepares and shampoos carpeting in order to insure carpeted areas are clean and maintained in good condition. This requires the ability to independently and accurately mix the correct cleaning products to achieve the desired result and the ability to use carpet-cleaning machines.
- **ENGINE REPAIR:** Performs minor maintenance and repairs on equipment used in the completion of job tasks. This includes, but is not limited to, removing snow blades, changing oil filters, replacing spark plugs, etc. This requires basic knowledge of small engine maintenance and repair.
- **BUILDING MAINTENANCE:** Performs a variety of building maintenance tasks as assigned, in order to assist in keeping the facilities in good operating condition. This includes, but is not limited to, replacing florescent light bulbs, stopping sewer odor coming from floor drains, shutting off main water valves during emergency repairs, changing furnace filters, painting offices, installing picture frames, etc. This requires a working knowledge of routine building maintenance and repair and the ability to follow verbal instructions.

How will I be screened? (Required Qualifications): Must be able to work in heights 50 feet off the ground. Must be able to pick up at least 100 lbs. of equipment off the ground. Must have valid driver's license. Prefer 6 months experience in small engine repair, mechanical, plumbing and electrical repairs. Prefer Basic knowledge of planting flowers and shrubbery. All applications meeting minimum qualifications will then be screened on Preferred Applicant criteria.

Building Systems Technician

Construction Facilities Maintenance Office, Fort Riley,
